Tapping Compounds & Fluids

Product	Product Code	Description	Volume
Treflex Paste	CRC-TREF500ML	Treflex is a green coloured, active cutting compound. Suitable for pipe screwing, hack sawing, tapping, reaming, etc.	500 ml
	CRC-TREF2LT		2 Lt
Treflex HD Fluid	CRC-TREF HD 500	Treflex HD cutting fluid is an extreme duty, thick fluid that sticks to the cutting tool through out the operation. Ideal for tapping and drilling stainless steel, and titanium.	500 ml
Cut ADE Fluid	MAT-CUTADE-050	Cutting fluid for direct application. Unique solution for dealing with metalworking in any way. Longer tool life, less broken taps, better work piece finish. No hazardous symbols.	500 ml
