

FB = Standard Felt Bob

Product Code	Dia.	Overall Length	Shank Size
FB1414	1/4	1/4	1/8
FB14516	1/4	5/16	1/8
FB3838	3/8	3/8	1/8
FB1212	1/2	1/2	1/8
FB121	1/2	1	1/8
FB3434	3/4	3/4	1/8
FB11	1	1	1/4

FBH = Hard Felt Bob

Product Code	Dia.	Overall Length	Shank Size
FBH1414	1/4	1/4	1/8
FBH3838	3/8	3/8	1/8
FBH1212	1/2	1/2	1/8
FBH3434	3/4	3/4	1/8

FC = Standard Felt Cone

Product Code	Dia.	Overall Length	Shank Size
FC14	1/4	5/8	1/8
FC24	3/8	7/8	1/8
FC12	1/2	1	1/8
FC58	5/8	1 1/4	1/8

## Diamond Paste

Product Code	Microns	Colour	Description
DP01	1 Micron	Light Blue	The Superfine grade is for those applications which demand the highest possible accuracy and mirror finish.
DP03	3 Micron	Green	
DP06	6 Micron	Yellow	
DP09	9 Micron	Red	The Medium grades ensure a perfect intermediate surface for finishing to a high grade commercial polish with the Find grades.
DP15	15 Micron	Light Brown	
DP30	30 Micron	Dark Brown	
DP45	45 Micron	Purple	The Coarse and Extra Coarse grades ensure rapid stock removal for eliminating machining marks, deep scratches or blemishes.
DP60	60 Micron	Orange	

## Diamond Thinner

Diamond Thinner is used to thin the slurry, extend the diamond compound and reduce gumming. It offers excellent surface tension and adhesion to tool surfaces.

The precise blend of natural diamond offers unsurpassed cutting capability, toughness and extended durability resulting in superior finishing. DIAMAX is a medium-heavy concentration that is both water and oil soluble.

Product Code	Volume
DPT04	4 oz. (118 ml)
DPT16	16 oz. (475 ml)
