

Foodmax Multi Spray

Special USDA H-1 class spray for chains lubrication

Description

Foodmax Multi Spray is a very adhesive white food grade lubricant in a spray package. The spray contains a food grade synthetic fluid as well as a 4% food grade solid lubricant (PTFE, commonly known as Teflon).

Lubrication of chains, conveyors, slides, joints, mould slides, small bearings or any other application which requires a food grade high performance lubricant.

Also suitable for textile, paper and graphic arts, plastic, tobacco and elevator industry.

Also provides excellent performance in motorcycle chain lubrication and in high speed kart transmission chains.

Foodmax Multispray is not recommended for low temperatures.

Properties

- Efficient lubrication of the major points (bolts, bushings etc)
- External protection against rust and oxidation
- Internal protection against wear and friction
- Extremely water resistant
- Very high temperatures properties
- Keeps the chain free of dust and dirt
- Avoids seizing and wear
- Very economic in use
- Improves the chain life
- Provides clean operation
- Food grade, InS H-1 & NSF approved
- Meets the requirements and is listed in the US F.D.A. approved list of lubricants with incidental contact with food.
