NEW FOODMAX RELEASE S SPRAY

FOODGRADE SILICONE MOULD RELEASE

Description

Foodmax Release S Spray is a silicone based fluid, anti-adherent and lubricating incorporating high temperature resistance. NSF approved for the use in food processing equipment where incidental contact with food may occur.

Excellent as lubricating product for packaging transport lines and for low load applications. Also suitable as anti-adherent for any type of equipment, demolding of all type of plastics and rubbers and surface polisher.

Applications

Foodmax Release S Spray is specially developed to lubricate applications which suffer from high temperatures and where water and other contaminants are found. Working temperature range between -60 and 200 °C.
