

Foodmax Silicon Spray

High performance food grade grease in spray cans

Description

Foodmax Silicon Spray is a silicone based fluid, anti-adherent and lubricating, very high temperature resistance. NSF-H1 for the use in food processing equipment where incidental contact with food may occur. Excellent as lubricating product for packaging transport lines and for low load applications. Also suitable as anti adherent for any type of equipment, demoulding of all type of plastics and rubbers and surface polisher.

Applications

Foodmax Silicon Spray is specially developed to lubricate applications which suffer from high temperatures and where water and other contaminants are found.

Typical performance data

Base oil nature	Silicone oil
Appearance	Colourless
Viscosity @ 25 °C, cSt	250-400
Flash point, °C	>300
